From the Board

The KRF Board is overseeing an important stage in the development of KRF activities. The prolonged process of setting up our structures and securing the initial resources on behalf of the Kinglake ranges communities is now concluded. We have now entered a new and exciting phase where we can offer support to community projects through our grants scheme and begin the task of planning and delivering a major new community project in the Multipurpose Facility. We will proceed openly and collaboratively with the community in carrying out these tasks.

Peter Toyne, KRF Chair
